The College.

Occasions on which the President represented the Council.

CANCER RESEARCH FUND.

At the Council meeting on July 4th the President reported that he had attended the Annual Meeting of this Fund at Marlborough House on July 1st, when H.R.H. the Prince of Wales presided, and that he had seconded the adoption of the Report on that occasion.

ROYAL COMMISSION ON VIVISECTION.

In June the President attended, on part of the Council, before the Royal Commission on Vivisection, and gave evidence in support of investigations by methods of experimental research, in accordance with Resolution of Council, December, 1906.

The President was nominated to represent this College on a deputation to the Home Secretary, to protest against the departmental restrictions now imposed on Vivisection by the Home Office.

NOTIFICATION OF TUBERCULOSIS.

The President represented the College on a deputation which waited upon His Excellency the Lord Lieutenant, to advocate the compulsory notification of all cases of Pulmonary Tuberculosis.

Representative of the College on the General Medical Council.

On February 6th Sir Thomas Myles was elected to represent the College on the General Medical Council.

Bookey Mortgage.

At the Council meeting on March 19th, a letter was received from the College solicitor, stating that this mortgage had been paid off and the proceeds invested in Consols. This will cause a reduction in the income of the College.

Coat-of-Arms for the College.

It was stated in last year's Report that the Council had applied for a Grant of Arms, and the patent has been received.

Vaccination Certificate—Additional Qualification in Vaccination to be obtained by Candidates for appointments as Poor Law Medical Officers.

As mentioned in last year's Report, Mr. Birrell received a deputation representing the Royal College of Physicians, Trinity

College, and this College. A reply was received by the President on August 1st, stating that in the opinion of the Chief Secretary the order should continue in force.

The Irish Universities Bill, 1908.

At the Council meeting on January 6th, it was resolved that the Chief Secretary be requested to receive a deputation for the purpose of representing to him the injury likely to be caused to this College and its School, as the result of the new University in Dublin, and to ask him to make provision for the due maintenance of the School.

The Chief Secretary requested to be supplied with a statement setting out the grounds upon which the President and Council apprehended serious injury and loss to the College and its School.

A statement was prepared and sent to Mr. Birrell; and the Council are hopeful that due provision will be made by Government for the College School.

Both the Royal Colleges (Physicians and Surgeons) in London have passed resolutions expressing admiration for the work done by the College in the past, and hoping that adequate provision would be made to enable it to continue its work in the future.

Address to His Majesty the King on his visit to Ireland last summer.

ROYAL COLLEGE OF SURGEONS IN IRELAND.

TO HIS MOST GRACIOUS MAJESTY, EDWARD VII, KING OF GREAT BRITAIN AND IRELAND, AND ALL BRITISH DOMINIONS BEYOND THE SEAS, EMPEROR OF INDIA, AND TO HER MOST GRACIOUS MAJESTY QUEEN ALEXANDRA.

MAY IT PLEASE YOUR MAJESTIES.

We, the President, Vice-President, and Council of the Royal College of Surgeons in Ireland, desire to avail ourselves of the presence of your Majesties in Dublin to offer the assurance of our allegiance to your Majesties, and our respectful and loyal welcome on the occasion of your gracious visit to Ireland. It is the object of our Royal College to provide highly qualified Surgeons who may serve their country in the Naval or Military Services, as well as those others who will devote their lives to the care of the sick in the Civil Community. Knowing the deep interest your Majesties take in all that concerns the welfare of your subjects, and the progress of Surgical Science, we feel confident that our Royal College may rely on your Majesties' favour in our continued efforts to secure the efficiency of those who seek our Diplomas.

Signed on behalf of the Council,

HENRY R. SWANZY, *President.*
JOHN LENTAIGNE, *Vice-President.*
CHARLES A. CAMERON, *Secretary.*

July 11th, 1907.

HIS MAJESTY'S REPLY.

GENTLEMEN,

I thank you for the hearty greetings and cordial welcome which you have tendered to the Queen and to myself, and I accept, with sincere gratification, your loyal assurance of devotion to my Throne and person. I am pleased to hear of your success in your various spheres of public duty, and I trust that a blessing may continually follow your labours for the prosperity of the country and welfare of the people. I regret that time does not admit of an individual acknowledgment of your address; but I ask you to accept from the Queen, and from myself, an assurance of our gratification at your kindly reception of us, and of our hearty sympathy with you in your efforts for the good of the various communities which you represent.

Vote of Congratulation.

To the President, Sir Henry R. Swanzy, on receiving the honour of knighthood from His Majesty.

Meetings held in the College.

The Council granted the use of the College for meetings of the Royal Academy of Medicine in Ireland, the Irish Medical Association, the Clinical Club, the Irish Branch of the British Dental Association, the Medical Benevolent Fund, the Medical Temperance Society, the King's Coronation National Fund for Nurses in Ireland, and the Poor Law Association of Ireland.

Barker Prize for 1907.

This prize was awarded to Mr. George S. Levis.

College Dinner.

The Annual Dinner was held in the Examination Hall on February 1st. Over ninety-eight Fellows and guests were present on the occasion.

Museum.

Report of the Curator.

GENTLEMEN,—I have to report that the Museum still continues to be largely used by the Examiners and Professors of the College.

The casts generally, including those of the Butcher collection, were arranged, numbered, and placed on shelving in the old Pharmacy Room. The Anatomical specimens, which formerly were temporarily stored in the rooms now forming the new Bacteriological laboratory, have been placed, for the most part, on the top shelves of the cases round the gallery. This necessitated an almost complete readjustment of the Pathological specimens, and in consequence the task of remounting them has been considerably delayed. The Irish Elk and Giraffe have been remounted, and are now in position on the floor of the Museum.

The new specimens were presented by Fleet-Surgeon Beatty, R.N., Dr. Craig, Dr. Arthur Fenton, Mr. L. G. Gunn, Mr. R. Sands, Professor Scott, Major H. Smith, I.M.S., and Mr. W. Taylor.

Spirit re-distilled during the year, 30 gallons.			
Number of preparations added	25
