ANNUAL REPORT.

Election of Honorary Librarian.—On the 12th July Mr. A. A. M'Connell was unanimously elected as Honorary Librarian.

Royal Dublin Society.—The Council granted the use of the Examination Hall to the Royal Dublin Society for the holding of juvenile and afternoon lectures.

Inspection of Examinations.—The Council approved of the recommendation of the Committee of Management, as follows:—"That it be recommended to the Colleges that, for the future, the visitation of the Conjoint Examinations be given up, and that questions relative to the Examinations be referred to the last Chairman of the Conjoint Committee. Further, that for the future the schedules for the examinations be examined and vouched for by a single member of the Committee instead of by the entire Committee, and that the Examiners be requested to report to the Committee of Management whenever they think necessary."

Psychological Medicine.—On the 10th July the Council approved of the holding of a Conjoint Examination in connection with the Diploma in Psychological Medicine, six examiners to be appointed, and the expenses to be divided equally between the two Colleges.

Presentation to the College.—Mrs. Bertha Johnston presented an account of the examination of the body of Napoleon after his death at Saint Helena, with other medical information. It was addressed to the late Charles Hawkes Todd, a Fellow of the Royal College of Surgeons in Ireland.

Death of Mr. A. W. Baker.—On the 10th of July the Council passed a resolution of sympathy with Mrs. Baker and the members of her family on the death of Mr. A. W. Baker, F.R.C.S.I., Member of the Council.

The Clerk of the Dublin Union wrote asking the College to appoint a representative to confer with representatives of the National University and Trinity College in the selection and appointment of Medical Doctors to Dispensaries in Dublin. Sir Arthur Chance was appointed.

Irish Dental Association.—On the 13th November the Irish Dental Association asked the Council to nominate a representative to confer with them *re* the proposed Dental Bill. Mr. E. Sheridan was appointed to confer with the Dental Association, and to report.

Medical Registration.—On the 11th December the Council appointed a Committee consisting of the President, Sir Robert Woods, and Sir Arthur Chance to wait on Mr. M'Gilligan, Minister for Commerce, *re* Medical Registration.

General Medical Council—Election of Representative.—On the 8th January Sir Arthur Chance was unanimously elected as representative on the General Medical Council.

Death of Mr. Henry Gregg Sherlock.—On the 8th January the Council passed a resolution of sympathy with Mrs. Sherlock on the death of her husband, Professor Henry Gregg Sherlock, F.R.C.S.I., who served so long as a Member of Council.

Charter Day Dinner.—The Charter Day Dinner was held on 14th March.

Local Government Board.—The following is an extract from a letter received, dated 27th March :—

“As you are aware, the Medical Act, 1925, which came into operation on the 21st February last, prolongs for a period of twelve months the arrangements that existed prior to the establishment of Saorstát Éireann for the control of the medical profession.

“The Minister for Local Government and Public Health wishes to confer with the representatives

of the licensing bodies to further consider the general position, and to elicit their views on the future control of the medical profession in the Saorstát. Would you be so good as to notify the representatives of the Royal College of Surgeons that the Minister has fixed Tuesday, 7th April, at 11 o'clock for the Conference, and that he hopes they will be able to attend at Room 227 in the Offices of this Department in Upper Merrion Street? Invitations to participate in the Conference are also being sent to delegates of the Irish Medical Committee and to the President and Vice-President of the Irish Medical Association."

A deputation from the Council waited on the Minister, and the Fellows of the College may rest assured that the Government is fully alive to the desire of the medical profession.

Association of Surgeons.—The Council gave permission to the Association of Surgeons of Great Britain and Ireland to hold their meeting in the Examination Hall of the College under the Presidency of Sir William Taylor.

Library.

GENTLEMEN,

I have the honour to submit my Annual Report.

The Library has been used by a large number of Students, Licentiates, and Fellows of the College.

The usual Calendars of the various Universities and Licensing bodies have been received, and the College Calendar has been sent in return.

The following books and pamphlets were presented to the Library:—Pathological Museum Catalogue, Royal Samaritan Hospital, Glasgow; Accurate Measurement and its Commercial Value; The Medical Department of the United States Army in the World War; Scandinavian Scientific Review; Retinal Venous Thrombosis (R. F. Moore); The Failure of State Railways (H. Cox); Gunshot Wounds of the Kidney, Ureter, and Bladder (Fullerton); St. Thomas' Hospital Reports, 1924; Methods and Problems of Medical Education, Rockefeller Foundation; The Prevention of cancer (Bell); The Conquest of Cancer (Bell); Skin Manifestations Associated with Leukaemia and Allied Conditions (Sir H. Rolleston); Intestinal Toxaemias and their Pathological Significance; Note on the Aetiology and Treatment of Pyorrhea; The Ainslie-Walker Laboratory's Observations regarding Brain Abscess of Otitic Origin (W. Sharpe); Observations regarding the Conditions of Traumatic Cerebral Edema (W. Sharpe); Duplex Uterus with multiple Pregnancy (W. S. Bainbridge); The Influence of the World War on Surgical Tuberculosis, American Point of View (W. S. Bainbridge); Retention Crypts in the Infra-tonsillar Nodules as harbors of Pathogenic Bacteria; Deformity of the Foot in Dystonia Musculorum; Intracranial Haemorrhage in the New Born; Further Observations of Intracranial Haemorrhage; The Past and Future of Belgium (Carnoy); A Practice of Gynaecology (Henry Jellett); etc.

The following books were purchased for the Library:—Operative Surgery (Thompson and Myles); Aids to Psychiatry (W. S. Dawson); An Introduction to the Practice of Medicine (Boxwell and Purser), 2 copies.

The following journals were received in the Library during the year:—American Journal of Ophthalmology; Annals of Surgery; Annales d'Hygiene Publique; Annales d'Oculistique; Archives d'Ophthalmologie; British Dental Journal; British Journal of Dental Science; British Journal

of Surgery; Bulletin of Johns Hopkins Hospital; British Medical Journal; The Surgical Clinics of North America; Irish Journal of Medical Science; Edinburgh Medical Journal; Glasgow Medical Journal; International Clinics; Index Medicus; Journal of Anatomy; Journal of Anthropological Institute; Journal of Mental Science; Journal of Royal Microscopical Society; Journal of Microscopical Science; Journal of the R.A.M.C.; Journal of the R.N.M.S.; Journal of Physiology; Lancet; Medical Press; Nature; British Journal of Ophthalmology; Practitioner; Physiological Abstracts; Philosophical Transactions of the Royal Society of London; Revue de Chirurgie; Surgery Gynaecology and Obstetrics; Churchill's Medical Directory; Medical Register; Thom's Directory; Whittaker's Almanac; Transactions of the Ophthalmological Society of the United Kingdom; Medical Year Book; Ophthalmic Year Book.

I have the honour to be, Gentlemen,

Your obedient servant,

ADAMS A. M'CONNELL,

Hon. Librarian.

Museum.

GENTLEMEN,

I have the honour to submit the following report on the use made of the Pathological Museum for purposes of demonstration and examination during the past year:—

For Demonstrations by the Professor of	
Surgery	70
For Examinations in Medicine and Surgery	36
For Demonstrations illustrating lectures on	
Morbid Anatomy	150
For Examinations in General and Surgical	
Pathology	45
For Demonstrations to Dental Students by	
Professor Scott	24
Dental Examination (Mr. Sheridan) ...	1
	<hr/>
	326

New specimens added to the Pathological collection:—

By Professor Johnston	6
By Mr. Stokes	1
By the Curator for the Meath Hospital	20
	<hr/>
	27
New specimens mounted	10
Old specimens remounted	2

The Report indicates a fall in the figures as compared with previous years. This is to be explained partly by the reduction in the number of students attending for lectures and examinations and partly by the steadily diminishing supply of fresh material. A new regulation of the Governing Body of the Meath Hospital—the only steady source of supply for the past twenty years—has effectually choked the stream and seriously menaced the opportunities available to our students for attending autopsies or studying fresh specimens.

I have the honour to remain,

(Signed) WILLIAM BOXWELL.
