Dear Dr. Martin,

I regret delay in answering
your letter and trust you will pardon it.

I have much pleasure in stating that
in my opinion you are highly qualified for any
public medical appointment. You obtained First Class
Honours at your M.B. examination in the Royal
University, at one of the most hotly contested ex-
aminations in the history of that University. For several
years you were gynaecologist to The Richmond
Hospital where you were recognised as a good
diagnostician and a skilful and fearless operator.
You resigned your membership of our Staff on
your marriage, to our great regret. What more can
I say to show that you are a highly educated
member of our profession and that in a very
important part of it you won for yourself a
distinguished reputation?

Yours sincerely
J. P. O'Farrell

And formerly Examiner in Medicine, Royal University of Ireland
